Hi Joshua,

My name is John Owolabi, founder of *Saturn Star Movers*, a fully insured moving company serving the **Windsor-Essex** area. Joshua, I am reaching out because operations teams at companies like **BASF Canada Inc** are often the first to feel the pain when a moving need comes up with no reliable contact in place.

For plant and operations teams at **BASF Canada Inc**, it comes up more than you would expect: internal equipment moves, facility rearrangements, employee relocations, overflow labour when the team is stretched, or last-minute support that falls outside normal operations. Instead of scrambling, I want your team to already have a number to call.

Here is what the partnership includes for **BASF Canada Inc**:

- A **dedicated staff discount** on all local and long-distance moves
- **Full-service support**: packing, transport, unloading, and everything between
- A **Personal Moving Concierge**: one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup and delivery, guaranteed
- **Licensed and fully insured**: your people and their belongings are protected

Here is what I am proposing for **BASF Canada Inc**, at no cost to the company: a preferred-rate partnership where your employees receive a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. Your team pays less. Your company pays nothing. And Joshua, you get to offer your people something genuinely useful.

I would love a quick 10-minute call with you, Joshua. You can reach me directly at **226-724-1730** or shoot me an email at **john@starmovers.ca** — either way, I will make it easy on your end.

Warm regards,

John Owolabi
