Hi Paul,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving Windsor-Essex. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **Plasman - Global Headquarters** to have a reliable local contact when that happens.

For operations and plant teams, moving situations come up constantly — internal equipment or furniture moves, facility rearrangements, employee relocations, overflow labour when your team is stretched, or last-minute support outside normal operations. Instead of scrambling, we want to be the number your team already has.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

I'd love to set up a simple preferred-rate partnership with **Plasman - Global Headquarters** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

Hi Mr./Ms. Kilby,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving Chatham-Kent and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **Dajcor Aluminum Ltd** stood out as exactly the kind of operation we'd be proud to support.

Companies like **Dajcor Aluminum Ltd** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

I'd love to set up a simple preferred-rate partnership with **Dajcor Aluminum Ltd** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

Hi Brendan,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving Chatham-Kent. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **Greenfield Global Inc, Chatham** to have a reliable local contact when that happens.

For operations and plant teams, moving situations come up constantly — internal equipment or furniture moves, facility rearrangements, employee relocations, overflow labour when your team is stretched, or last-minute support outside normal operations. Instead of scrambling, we want to be the number your team already has.

Here's what the partnership includes, at **no cost to your company**:

Hi Robin,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving Windsor-Essex. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **OPmobility Canada Inc.** to have a reliable local contact when that happens.

For operations and plant teams, moving situations come up constantly — internal equipment or furniture moves, facility rearrangements, employee relocations, overflow labour when your team is stretched, or last-minute support outside normal operations. Instead of scrambling, we want to be the number your team already has.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

I'd love to set up a simple preferred-rate partnership with **OPmobility Canada Inc.** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

Hi Mr./Ms. Brown,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving Chatham-Kent and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **Rulmeca Canada Limited** stood out as exactly the kind of operation we'd be proud to support.

Companies like **Rulmeca Canada Limited** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

I'd love to set up a simple preferred-rate partnership with **Rulmeca Canada Limited** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

Hi Mr./Ms. Munns,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving Chatham-Kent and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **Maple Industries Inc.** stood out as exactly the kind of operation we'd be proud to support.

Companies like **Maple Industries Inc.** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

I'd love to set up a simple preferred-rate partnership with **Maple Industries Inc.** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

Hi Max,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving Sarnia-Lambton. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **LamSar Inc.** to have a reliable local contact when that happens.

Hi Mr./Ms. McKee,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving the Kitchener-Waterloo area and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **Elmira Machine Industries Inc** stood out as exactly the kind of operation we'd be proud to support.

Companies like **Elmira Machine Industries Inc** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

We recently supported a large manufacturing and engineering group in the Kitchener area with a facility/location move — so we understand the coordination and care that industrial companies expect. We'd love to build more relationships like that across the Kitchener-Waterloo, Cambridge, and Guelph corridor.

I'd love to set up a simple preferred-rate partnership with **Elmira Machine Industries Inc** — no commitment required. Hi Jennifer,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving London. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **Abuma Manufacturing Ltd.** to have a reliable local contact when that happens.

For operations and plant teams, moving situations come up constantly — internal equipment or furniture moves, facility rearrangements, employee relocations, overflow labour when your team is stretched, or last-minute support outside normal operations. Instead of scrambling, we want to be the number your team already has.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

I'd love to set up a simple preferred-rate partnership with **Abuma Manufacturing Ltd.** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Hi Mr./Ms. Dunn,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving the Kitchener-Waterloo area and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **Shear Metal Products** stood out as exactly the kind of operation we'd be proud to support.

Companies like **Shear Metal Products** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

We recently supported a large manufacturing and engineering group in the Kitchener area with a facility/location move — so we understand the coordination and care that industrial companies expect. We'd love to build more relationships like that across the Kitchener-Waterloo, Cambridge, and Guelph corridor.

I'd love to set up a simple preferred-rate partnership with **Shear Metal Products** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Hi Robert,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving the Woodstock-Brantford corridor. Hi Mr./Ms. Darling,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving the Kitchener-Waterloo area and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **Ontario Drive & Gear Ltd (Argo)** stood out as exactly the kind of operation we'd be proud to support.

Companies like **Ontario Drive & Gear Ltd (Argo)** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

We recently supported a large manufacturing and engineering group in the Kitchener area with a facility/location move — so we understand the coordination and care that industrial companies expect. We'd love to build more relationships like that across the Kitchener-Waterloo, Cambridge, and Guelph corridor.

I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **Anchor Danly** to have a reliable local contact when that happens.

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving the Woodstock-Brantford corridor. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **MTO Metal Products** to have a reliable local contact when that happens.

For operations and plant teams, moving situations come up constantly — internal equipment or furniture moves, facility rearrangements, employee relocations, overflow labour when your team is stretched, or last-minute support outside normal operations. Instead of scrambling, we want to be the number your team already has.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

We recently supported a large manufacturing and engineering group in the Kitchener area with a facility/location move — so we understand the coordination and care that industrial companies expect. We'd love to build more relationships like that across the Kitchener-Waterloo, Cambridge, and Guelph corridor.

I'd love to set up a simple preferred-rate partnership with **MTO Metal Products** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

Hi Mr./Ms. Kirby,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving London and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **Sante Manufacturing Inc** stood out as exactly the kind of operation we'd be proud to support.

Companies like **Sante Manufacturing Inc** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

I'd love to set up a simple preferred-rate partnership with **Sante Manufacturing Inc** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

Hi Mike,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving the Kitchener-Waterloo area. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **Tenneco Automotive** to have a reliable local contact when that happens.

For operations and plant teams, moving situations come up constantly — internal equipment or furniture moves, facility rearrangements, employee relocations, overflow labour when your team is stretched, or last-minute support outside normal operations. Instead of scrambling, we want to be the number your team already has.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish

Hi Mr./Ms. Butler,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving Windsor-Essex and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **CNC Tech** stood out as exactly the kind of operation we'd be proud to support.

Companies like **CNC Tech** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

I'd love to set up a simple preferred-rate partnership with **CNC Tech** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

We recently supported a large manufacturing and engineering group in the Kitchener area with a facility/location move — so we understand the coordination and care that industrial companies expect. We'd love to build more relationships like that across the Kitchener-Waterloo, Cambridge, and Guelph corridor.

I'd love to set up a simple preferred-rate partnership with **CoorsTek Paris** — no commitment required. Your employees get a dedicated discount on any local or long-distance move, priority scheduling, and a direct line to me personally. The company pays nothing. It's purely a benefit for your people.

Would you be open to a quick 10-minute call this week or next? You can reach me directly at **226-724-1730** — or simply reply and I'll make it easy on your end.

Warm regards,

John Owolabi

Hi Mr./Ms. Lasby,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving the Kitchener-Waterloo area and surrounding areas. I'm reaching out personally because I've been building relationships with established companies in the area, and **Massilly North America** stood out as exactly the kind of operation we'd be proud to support.

Companies like **Massilly North America** regularly deal with moving situations that fall outside normal operations — a manager relocating, a new hire moving into the area, an office being rearranged, or furniture shifted between locations. Right now, someone on your team is probably handling that scramble. We'd like to take it off their plate.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

Hi Matt,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving the Kitchener-Waterloo area. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **Patriot Forge Inc** to have a reliable local contact when that happens.

For operations and plant teams, moving situations come up constantly — internal equipment or furniture moves, facility rearrangements, employee relocations, overflow labour when your team is stretched, or last-minute support outside normal operations. Instead of scrambling, we want to be the number your team already has.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between

Hi Paul,

My name is John Owolabi, founder of *Saturn Star Movers* — a fully insured moving company serving the Kitchener-Waterloo area. I'm reaching out because operations and facilities teams like yours often have moving needs that come up with little notice, and I'd like **Northfield Metal Products** to have a reliable local contact when that happens.

For operations and plant teams, moving situations come up constantly — internal equipment or furniture moves, facility rearrangements, employee relocations, overflow labour when your team is stretched, or last-minute support outside normal operations. Instead of scrambling, we want to be the number your team already has.

Here's what the partnership includes, at **no cost to your company**:

- A **dedicated discount** on all local and long-distance moves
- **Full-service support** — packing, transport, unloading, and everything between
- A **Personal Moving Concierge** — one dedicated contact from start to finish
- **Priority scheduling** and on-time pickup & delivery, guaranteed
- **Licensed & fully insured** — your team and belongings are always protected

We recently supported a large manufacturing and engineering group in the Kitchener area with a facility/location move — so we understand the coordination and care that industrial companies expect. We'd love to build more relationships like that across the Kitchener-Waterloo, Cambridge, and Guelph corridor.

Hi Mr./Ms. Witzel,

My name is John Owolabi, and I'm the founder of *Saturn Star Movers* — a fast-growing, fully insured moving company serving the Kitchener-Waterloo area and surrounding areas.
