Re: Preferred Moving Support for MTO Metal Products — Staff & Facility Moves

Hi Chris,

My name is John, from Saturn Star Movers — a fully insured local moving company serving Woodstock-Brantford corridor. I wanted to reach out because we work closely with operations and facilities teams at manufacturing and industrial companies in the area.

For operations teams at manufacturing and industrial companies, moving needs tend to come up more often than expected — internal furniture or equipment moves, facility rearrangements, overflow labour when your team is stretched, storage moves, or last-minute support outside normal operations. Instead of scrambling to find reliable help, we'd like to be the local contact MTO Metal Products can call when any of those situations arise.

We can help your company and team with:

- Employee relocations
- Office and facility moves
- Internal furniture or equipment moves
- Storage-related moves
- Last-minute moving labour
- Preferred moving discounts for staff

We recently supported a large manufacturing and engineering group in the Kitchener area with a facility/location move, and we'd love to build more relationships with companies in the Kitchener-Waterloo, Cambridge, and Guelph corridor that may need reliable moving support from time to time.

There's no commitment required from your end. We'd simply like to become a trusted local moving contact for MTO Metal Products whenever a need comes up. We can also set up a preferred-rate program for your employees as an added benefit — at no cost to the company.

Would you be open to a quick 10-minute introduction call this week or next?
